

The Caldwell Communiqué

HEADLINE: LOUNGE SLEEPING IS GONE

Success Story **BIG SI CHANGES**

Our glorious GMCA has decided to abandon Saturday SI in favor of a more robust and prepared Tuesday SI.

Additionally, your new academics officer is C/Terret!

Big changes moving forward, but one thing is for certain...
ECHO FLIGHT ON TOP!!! MOST WARRIOR POINTS BABY!!!

C/COL BROWN **ENDS SLEEP**

Sleeping in the lounge has been outlawed by the almighty SOPs. Cadets are panicking as they try finding a new place to rest their weary eyes, but prospects are looking grim. C/Ptasznik is quoted as saying "This might be the end of days."

As cadets continue the search, a light at the end of the tunnel emerges:
Bathroom Sleeping

Morale Event:

GMC POOL PARTY

FRIDAY - 1800 (6PM) - CO-REC SIDE POOL

As the summer heat cools down and the start of a cool fall commences, now is our last chance to hit the pool!

Put on your wackiest swim outfits and come prepared to play water polo, water volleyball, and chill in the hot tub!

Word on the street is that all of my homies will be there!
